Dear Mr. Keene:

You misunderstood WHITEWASH. What I meant and think I said is that the Report does not give Ruby's address. I am familiar with the testimony on it.

Secondly, I have quietly, but in writing, exhausted all administrative remedies and have been officially denied access to the autopsy pictures and X-rays.

The answer to Mary Moorman is that people have, without coming up with anything. I will have a full section on her unused picture in WHITEWASH III.

I appreciate your taking the time to write.

Sincerely,

Harold Weisberg
